

Queen City Academy of Certified Hazardous Materials Managers

MEETING:

Chapter Meeting

PLACE AND TIME:

Johnson and Wales Student Dining Hall

Tuesday, March 21, 2006

Dinner at 6:00 PM

WELCOME AND CALL TO ORDER

Annie Richardson called the meeting to order at approximately 6:30 pm.

MEETING DISCUSSIONS

Visitor Josh Harkin and new member Jacob Aobtec were introduced.

Minutes from the February meeting were read and approved.

Stuart Kerkoff provided the "Member Highlight". Stuart described the four Radiator Specialty locations in California. He explained the frustrations of the Napa facility doing their own reporting which caused a violation of their air permit. Obtaining a new permit became a confusing and complicated effort. Once the permit was obtained, the facility was sold one week later.

The 2006 Operational Plan is posted on the website, contact the chairperson if you would like to participate on a committee.

The web site nomination will be submitted in April.

Annie distributed the Corporate Sponsorship letters. Anyone with suggestions of potential sponsors should submit the name to Annie.

Harry Hopes provided an informative presentation on the CSX Railroad, several haz mat incidents, and all of training available to maintain a top-notch Haz Mat Team.

The meeting was adjourned at approximately 8:00 PM.
